In sales order view extra tab is added for viewing transaction details on Seon API direct from iframe.

The screenshot displays the Magento 2 admin interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Products, Customers, Marketing, Content, Reports, Stores, System, and Partners & Extensions. The main content area is titled '#000000296' and includes a top navigation bar with links: Back, Cancel, Send Email, Hold, Invoice, Ship, Reorder, and an Edit button. Below this, the 'ORDER VIEW' section is active, showing a list of tabs: Information, Invoices, Credit Memos, Shipments, Comments History, and Seon Transactions. The 'Seon Transactions' tab is selected, displaying a table of transaction details. The table has columns: ID, Score, State, User, Action type, Label, Transaction Amount, and Date / Time. A transaction with ID '5b883f09c287' and a score of 3.74 is shown, with a state of 'APPROVE'. Below the table, there are three colored boxes: a red box for '3.74 Fraud score', a yellow box for '1.15 Email score', and a green box for '2.60 Proxy score'. At the bottom, there is a section for 'Applied Rules' with a table showing rule details.

ID	Score	State	User	Action type	Label	Transaction Amount	Date / Time
5b883f09c287	3.74	APPROVE	John Doe	purchase		94 USD	2017-11-29 08:24:28

Item Name	Category	Item ID	Price	QTY	Store	URL	Label
Beaumont Summit Kit-L-Orange	["Jackets"]	MJD1-L-Orange	42 USD	2	Default Store View (default)		

ID	Rule name	Action	Score	Edit
----	-----------	--------	-------	------

Settings

On **System > Seon API** page in admin you can set settings for extension.

To get API Key please request demo on <http://seon.io/>

The screenshot displays the Magento 2 admin interface for the 'Configuration' page. The left sidebar is the same as in the previous screenshot. The main content area is titled 'Configuration' and includes a top navigation bar with links: Back, Cancel, Send Email, Hold, Invoice, Ship, Reorder, and an Edit button. Below this, the 'Store View' is set to 'Default Config'. The 'SEON API' section is expanded, showing the following settings:

- API Key:** A text input field containing 'f5ee07ab-481c-4a72-93f5-051d4decac11'. Below it, a link 'Add SEON API key' is visible.
- Enabled:** A dropdown menu set to 'Yes'. Below it, the text 'SEON Fraud features enabled' is visible.
- Javascript Agent:** A dropdown menu set to 'Yes'. Below it, the text 'javascript Agent enabled' is visible.

At the bottom right, there is a 'Save Config' button. The footer of the page shows 'Copyright © 2017 Magento, Inc. All rights reserved.' and 'Magento ver. 2.1.9' with a link to 'Report Bugs'.
